**Maintenance to close lane of William Harsha Bridge this week**  
*Watch for flaggers*

FLEMINGSBURG, Ky. – Motorists will encounter lane closures on the William Harsha Bridge at Maysville this week as Kentucky department of Highways crews perform maintenance work on overhead cables.

Beginning Thursday, Sept. 29, crews will restrict all US 62/68 traffic crossing the bridge to one lane between 7:30 a.m. and 6 p.m. Traffic will be controlled by flaggers. If additional work is required, the lane closure will continue on Friday, Sept. 30.

Motorists should expect delays, and are advised to slow down in work zones and remain aware of workers and construction equipment at all times.
